

SOHAN LAL KUSHWAHA

Business Development | Regulatory Affairs | AI & Automation Builder

Professional Summary

Results-driven *Business Development Professional* with hands-on experience in international pharma business, regulatory dossier management, and *AI-driven automation*. At Genedrift, closed **400+ international projects** across APAC and African markets, managed **200+ clients**, and built SOPs and **AI-powered lead generation** pipelines from scratch. Background spans end-to-end *regulatory affairs* across *Philippines, Myanmar, Vietnam, and Thailand* — eCTD compilation, GMP/GVP compliance, artwork review, and pharmacovigilance. Founder of the Pharmalite ecosystem — education, jobs, and AI platform served **5 million+ pharmacy students**. Proficient in Python, JavaScript, PHP, and Node.js.

Professional Experience

Business Development Executive

Genedrift · Feb 2025 – Present · Mumbai, India

- Achieved peak monthly sales revenue of **six-figure USD** milestone, consistently exceeding targets through strategic client acquisition and AI-driven automation.
- Closed 400+ international projects; managed **30+ active projects** and **200+ client portfolio** across APAC and African markets.
- Guided **20+ Indian manufacturers** through market entry into Philippines, Myanmar, Vietnam, and other APAC markets — resolving regulatory and logistical hurdles.
- Engineered **3 SOPs**: Lead Intelligence, Opportunity Management, and After-Sales Operations to standardize the commercial lifecycle.
- Architected AI-powered lead generation systems integrating web scraping, CRM enrichment, and automated outreach pipelines using Python, JavaScript, and PHP.
- Managed end-to-end Zoho CRM operations — contact databases, automated workflows, and pipeline tracking across 200+ accounts.
- Trained and mentored **3 sales trainees** in prospecting, CRM usage, and business communication.

Regulatory Affairs Trainee

Genedrift · Sep 2024 – Feb 2025 · Dehradun, India

- Compiled **10+ eCTD dossiers** and **30+ APAC-format registration dossiers** for Philippines, Myanmar, Thailand, and Vietnam.
- Reviewed **100+ regulatory dossiers** and **400+ product artworks** for compliance with local regulatory requirements.
- Evaluated **10+ Bioequivalence (BE) studies**; reviewed **10+ site documents** for GMP compliance and inspection readiness.
- Applied GMP and GVP standards throughout dossier preparation and pharmacovigilance activities; gained hands-on ICSR and Signal Detection experience.
- Trained **5 junior trainees** in dossier preparation and APAC submission protocols.

Founder

Pharmalite · Jan 2022 · Kanpur, India

- Founded Pharmalite during first year of B.Pharm after a **13,000-student survey**; now serves 5 million+ pharmacy students across India.
- Built PharmaChat AI (ai.pharmalite.in) — multi-module healthcare assistant achieving **100% pharmacology accuracy**; accessible via web and WhatsApp.
- Launched PharmaJobs (jobs.pharmalite.in): niche pharma job portal processing **5,000+ applications** with AI-powered fraud detection; **30+ listings/month**.
- Developed PharmaPredict AI — ML platform for ADMET prediction and SAR-based molecular activity screening for drug discovery.
- Grew *YouTube community* to **12,000+ subscribers**; hosted **10+ live expert academic sessions** during college.

Core Skills

- **Regulatory**
 - ✓ Regulatory Affairs (APAC)
 - ✓ Product Registration & Submission
 - ✓ eCTD / CTD / ACTD Dossiers
 - ✓ CTD Module 1–5 Compilation
 - ✓ ASEAN / ICH Guidelines
 - ✓ GMP / GVP Compliance
 - ✓ Pharmacovigilance (PV)
 - ✓ ICSR & Signal Detection
 - ✓ Bioequivalence Review
 - ✓ Variation & Supplement Filing
 - ✓ Post-Approval Lifecycle Management
 - ✓ Risk Management Plan (RMP)
 - ✓ Labelling & PI Review
 - ✓ Stability Data Review
 - ✓ Regulatory Intelligence
 - ✓ HA Query Management
 - ✓ QSAR / ADMET / PBPK
- **Business Development**
 - ✓ Business Development (B2B)
 - ✓ International Market Entry
 - ✓ Account Management
 - ✓ Client Retention & Growth
 - ✓ Go-to-Market Strategy
 - ✓ Partnership Development
 - ✓ Revenue Growth & Pipeline
 - ✓ Lead Generation (AI-driven)
 - ✓ Stakeholder Engagement
 - ✓ CRM Management (Zoho)
 - ✓ Sales Automation & AI
 - ✓ Contract Lifecycle Management
 - ✓ Mail & Outreach Automation
 - ✓ Regulatory Affairs Consulting

Key Projects

PharmaPredict AI

PHP · MySQL · Machine Learning | 2024

- ML web platform for ADMET property prediction and SAR-based molecular activity screening — enabling early in-silico compound filtering to reduce late-stage R&D failures.
- Applied outcome of B.Pharm major project on polypharmacology and AI-driven drug discovery.

PharmaChat AI

Python · PHP · JavaScript · Node.js | 2024

- Multi-module AI assistant (PharmaChat, MediProGuide, MedicoChat) providing real-time domain-specific guidance to pharmacy students and healthcare professionals.
- Achieves 100% pharmacology and **95% clinical pharmacy** accuracy ratings; deployed via web and WhatsApp.

Major Project: Integrating AI in Pharma

Research · QSAR · Polypharmacology · Computational Drug Design | Feb 2024 – May 2024

- Final year research on polypharmacology, AI-driven drug discovery pipelines, PBPK simulation, and ADMET prediction; published online and led to PharmaPredict AI.

Minor Project: Use of AI in Pharmaceuticals

Research · QSAR · PBPK · ADMET · Pharmacovigilance Automation | Nov 2023 – Feb 2024

- 62-page comprehensive research review; published online and presented as poster at NPPRD 2023 International Conference, Bundelkhand University

Education

Bachelor of Pharmacy

Bundelkhand University Jhansi · Oct 2020 – Jun 2024 · Jhansi, India

- Major Project: "Integrating AI in Pharma: Revolutionizing Drug Discovery and Formulation for Future Healthcare" — AI-driven drug development research with published minor project paper on AI in Pharmaceuticals.
- Built PharmaPredict AI: a molecular activity and ADME prediction platform based on Structure-Activity Relationships (SAR).
- Founded Pharmalite and PharmaJobs during college; pioneered PharmaChat AI assistant for pharma professionals.
- Authored SOPs for university Animal House Facility under Prof. Dr. Sunil Kr. Prajapati.
- Volunteer: NAAC Inspection & International Pharmacy Conference, Bundelkhand University.
- Boys Hostel Coordinator; Management Committee — Annual Durga Puja Organization; Co-founded community kitchen initiative.

Courses

Drug discovery

University of California San Diego. Nov 2023

Healthcare IT & Management 2.0

Udemy · 2024

Transforming Oncology Clinical Research

Udemy · 2024
